Can you use our word of the week? exhibit

27th February 2026

Dear Parents, Carers and Children

It has been another busy week with classes getting straight into their learning following the half-term holidays with some lovely learning attitudes.

On Monday Year 5 watched a show related to their science learning. They learned about traffic pollution and looked at how we could reduce our carbon footprint. They listened really carefully and had some lovely ideas about what they could do to help the environment. Well done.

We have had some pupils from Y2 and Y4 taking part in football activities out of school again this week. Both sets of children have really enjoyed their games and developed their confidence and skills throughout the sessions. Well done to you all.

We are sorry for the delays and difficulties with communications related to our new dinner system which will begin on Monday. Thank you to everyone who has already managed to get onto Scopay to confirm allergies. If you haven't managed to do this yet, you will need to complete this over the weekend. In addition, parents must now **select meals through Scopay at home** so that the children are able to access their dinners on Monday and going forwards on a daily basis. As with any change, it may take some time to get used to the new processes but please, if you are struggling, come and talk to us in the school office where Miss Hughes and Miss Brumbley will try to help. In the next few weeks, we will issue more information related to the system, including how to make payments for dinners and visits. We are hoping that this will help us to move towards a cashless school in the future... Watch this space.

Related to this, on Monday we welcome our new catering partners, Caterlink. The menu offered will be new and will introduce different options, some of which the children may not have experienced before. We will be encouraging them to try new tastes and textures, alongside their friends. We know that when we have our International Days, or when the children make food in their food technology lessons, they enjoy experimenting and we ask for your support to encourage them with this as we move forwards.

Finally, a quick reminder that it is World Book Day on Thursday. As usual, children are welcome to come to school dressed as a character with their book; books will be available for the children to choose, take home and keep, and parents are invited to our family book share from 2.30-3.00pm.

Many thanks
Jenny Lavery
