# CAMBRIDGE PRIMARY SCHOOL

30th January 2026

Dear Parents, Carers and Children

It has been a very busy week in school this week with lots of groups getting the chance to get visit new places or compete in competitions with other schools. It was an absolute pleasure to present our Superstar Awards to Cinar, Jaxon, Poppy, Aiyla-May and Zeenat on Wednesday, including a new 'Golden Award' presented to Aiyla-May by Trustees to celebrate 'achieving against all the odds'. The evening was very uplifting and it was fantastic to hear about the wonderful things that are going on in all of our schools. Congratulations to you all.

On Monday a small group from Y6 took part in a Basketball festival at Furness Academy, and there was a Basketball Competition yesterday for some of our pupils in Y4. The children have been working hard on their basketball skills throughout this half term and it has been great to see them applying these into more formalised activities and games.

On Wednesday Y5 pupils went to Furness College to take part in Furness Education and Skills Partnership's STEM event exploring lots of different careers and future opportunities in our local area. The children had a wonderful morning and Miss Ducie was very impressed with the questions the class asked and how engaged they were with the activities and information on offer. Well done.

You may have noticed an email I sent on Friday relating to the trust's decision to consider transferring to a different academy trust. There will be further information regarding this in the next few weeks and months but we are confident that quality of education offered, and the day to day working of the school will continue as it is now. If you have any concerns regarding this, please do not hesitate to come and discuss them with me.

Don't forget **Number Day on Tuesday**. The children are invited to come to school representing a number—they might wear a football shirt, something with a date on it or they can be creative and come as a dice? Then we invite parents to our Maths Showcase after school on Thursday, this time taking place in the canteen. Please come along to see what we have been doing.

Finally, please note that motorised/electric bikes and scooters **are not permitted** on school property. Indeed, my understanding is that children under 14 are only allowed to ride these vehicles, with permission, on private land and not around public streets and pavements. Please leave them at home.

Many thanks  
Jenny Lavery

Talking point:

What number will you be representing  
for Number Day on Tuesday?
