CAMBRIDGE PRIMARY SCHOOL

8th May 2026

Dear Parents, Carers and Children

We have focussed on the work of Sir David Attenborough this week in celebration of his 100th birthday today. As well as conservation of animals and the natural world, we have used the opportunity to celebrate the outdoor environments we are lucky enough to have around our school. We hope that it provides some lovely shared moments at home this weekend too.

On Tuesday, Y1 went to Ulverston to see their artwork exhibited at Printfest, including a special mention for Finley who was selected a 'Young Printmaker of the Year'. What an amazing achievement. And yesterday, Y3 had a lovely walk to Furness Abbey along the Red River, taking time to support their local area studies in Geography as well as finding out more about Furness Abbey. As ever, the children's behaviour for both visits was superb. Well done.

Thank you to those parents who attended meetings yesterday with the Local Authority Attendance Officer. We are really pleased that so many of the children's attendance, particularly those who were causing us concern, has recently improved. We will continue to monitor this closely and will be working with identified families to offer support.

On Tuesday we sent an email regarding the DfE's approval of our trust to join Co-op Academies Trust in 2027. This represents a exciting opportunity of working with a new partner with schools in different parts of the country. I can assure you that there will be no current plans to change the way the school works but please ask if you wish for any further information or if you would like to share your opinions or concerns. There will also be an opportunity to meet the CEO of Co-op Academies Trust before the end of the school year.

Next week sees our Y6 pupils' chance to sparkle and shine in their SATs assessments. We are incredibly proud of the hard work and attitudes they have put in and are sure that they will do their very best. Take some time out this weekend. Try to relax a little, get a really good night's sleep and eat a healthy dinner on Sunday evening. Have confidence in yourselves and remember that you are much more to us all than a number or a value—you are wonderful friends, athletes, artists, musicians and linguists. You will smash it!

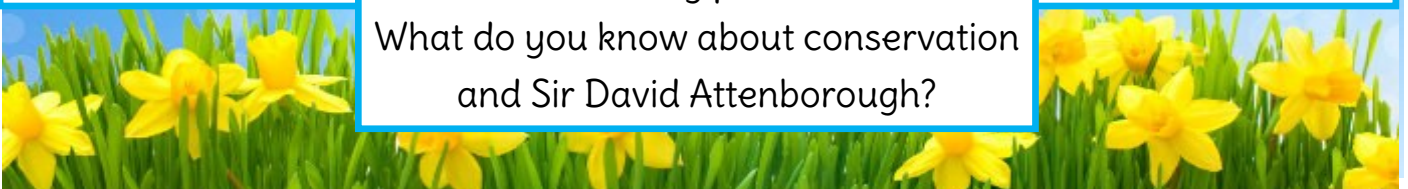

Finally, a reminder that school ends at 3.15pm (11.45am for Hopscotch/Nursery am sessions). Repeatedly arriving significantly early or late can cause disruption for children and staff.

We appreciate your support with this.

Jenny Lavery

Talking point:

What do you know about conservation and Sir David Attenborough?
