Can you use our word of the week? advantage

CAMBRIDGE PRIMARY SCHOOL

11th September 2026

Dear Parents, Carers and Children

Our first full week back has been absolutely lovely. Classes are settled and are already getting into some really good learning. We have been particularly impressed with how well the children in Nursery and Reception have done—getting to grips with new routines, especially around lunchtime. They have been amazing. Well done everyone.

During the holidays we turned our IT suite into 'The Harmony Hub'. This is a special area designed to particularly support our pupils with special educational needs; a calming, tranquil space to explore and work on individualised targets. Keep a look out on our Facebook page to take a peak.

One of the areas for improvement from our Ofsted inspection was handwriting and all classes have made like tweaks this week to help with this. We are encouraging the children to transfer their skills from their English/handwriting books into the wider curriculum. We hope that you are able to support us with this at home as well as the usual daily practise of reading. This helps to develop consistency and fluency.

The children are bound to be very tired tonight and this weekend. Tantrums and meltdowns are to be expected as they get used to their new routines, being on the go and challenging their brains constantly. If you need any help or advice with setting routines and boundaries at home, especially now that we are back in school, please get in touch with Mrs Groves, Mrs Rebello, Mrs Newby or myself.

Please can we remind everyone who has school dinners, to ensure that they are ordering meals online before the school day. There seem to be more and more children that we are having to chase in the morning. The beginnings and ends of the school day are very busy times for the office and we are very grateful for your support with this.

The application windows for next academic year are now open for NEXT YEAR'S Reception and those transferring to secondary school. **Reception applications close on 15th January 2027. Secondary school applications close on 31st October 2026.**

Finally, congratulations to (the former) Miss Brumbley who was married over the summer holidays. Her married name is now Mrs Hainey.

Many thanks

Jenny Lavery
